Education

IIT (ISM) Dhanbad

M.Tech. in Fuel and Energy Engineering (CGPA 7.39/10)

Expected May 2027

Dhanbad, Jharkhand

Relevant Coursework: Fuel Technology, Biofuels, Alternate Energy System, Powerplant Engineering, Energy Technology, Process of Liquid and Gaseous Fuels, Coal and Mineral Beneficiation, Research Methodology, Mineral processing economics and project management.

Gandhi Institute For Technological Advancement

B.Tech. in Mechanical Engineering (CGPA 7.55/10)

August 2015 - May 2019

Bhubaneswar, Odisha

Relevant Coursework: Thermodynamics, Strength of Material, Engineering Mechanics, Machine Design, Production Engineering

S.D.M.Y. College

Class XII

2013 - 2015

Dhoraiya, Banka, Bihar

S.L.G.P.A. High School

Class X

2013 - 2015

Patwa Sripathar, Banka, Bihar

Internship

CSIR-IIP Dehradun

Project Trainee

May 2026 – July 2026

Dehradun, Uttarakhand

- Synthesized catalyst for catalytic soot oxidation for reducing particulate emissions.
- Gained hands-on experience in catalyst synthesis, characterization, experimental analysis, and research methodology.

NTPC Limited

Vocational Trainee

June 2017 – July 2017

Kahalgaon, Bihar

- Learned about the Pulverized Coal Combustion.
- Learned about the working of boilers, heat exchangers, turbine, etc.
- Took overview about various components of the Thermal Power Plant.

Projects

Production of hydrogen rich gas from catalytic co-gasification of waste biomass and plastic (Ongoing)

- * Developing and evaluating the catalyst for catalytic co-gasification of waste biomass and plastic to producing Hydrogen rich gas.

Study of the effects of the welding parameters on automatic TIG welding of aluminium plate.

- * Designed and developed an automated TIG welding setup for 3 mm aluminium plates, enabling precise control of welding speed and current to improve weld consistency and quality.
- * Investigated the effect of welding parameters (current and travel speed) on weld bead geometry, tensile strength, and penetration using tensile testing, micro-hardness testing, and optical microscopy.

Technical Skills

Languages: Python

Software: Microsoft Office, Aspen Plus, JupyterLab, Ansys Fluent.

Achievements

- GATE ME 2025 (AIR-3863).

Hobbies

- Mobile Photography.

Social Engagement

- **Volunteer:** AKANSHA 2K19 (Annual Cultural Fest) of GITA Bhubaneswar.
