Education

IIT ISM Dhanbad

Expected May 2027

Master of Technology in Fuel and Energy Engineering (GPA: 8.69 / 10.00)

Dhanbad, Jharkhand

- **Relevant Coursework:** Fuel technology, Computational Fluid dynamics, Power plant Engineering, Alternate Energy Systems, Energy technology, Processing of liquid and gaseous fuels, Mineral Processing, Biofuels, Coal and mineral beneficiation.

Jharkhand Rai University, Ranchi

Jun 2025

Bachelor of Technology in Mining Engineering (GPA: 8.29 / 10.00)

Ranchi, Jharkhand

- **Relevant Coursework:** Engineering mathematics, Engineering mechanics, Surface and Underground mining, Rock mechanics and Ground control, Mine surveying, Mine planning, Mine Geology, System engineering, Mineral processing, Mine ventilation, Mine environment.

D A V Public School, sec - IV Bokaro

Apr 2021

Intermediate (Score: 76.16 / 100)

Bokaro, Jharkhand

- **Relevant Coursework:** Physics, Chemistry, Mathematics, English.

High School Nauhatta, Rohtas

Apr 2019

Matriculation (Score: 82.10 / 100)

Rohtas, Bihar

- **Relevant Coursework:** Mathematics, Science, Social science, Hindi, English.

Internships

Thriveni Sainik Mining PVT LTD

Apr 2025 – May 2025

Graduate Engineer Trainee

Pakri Barwadih Hazaribagh, Jharkhand

- Selected through campus recruitment as Graduate Engineer Trainee.
- Assisted in production planning for a 15 MTPA open-cast coal mine. Also monitored shovel dumper productivity through shift wise production analysis.
- Collected and analyzed operational data to support production performance evaluation and decision making.

Central Coalfields LTD

Jul 2024 – Aug 2024

Vocational Trainee

Bocaro OCP, Jharkhand

- Developed core understanding of mine planning, development and management in opencast coal mine.

Central Coalfields LTD

Aug 2022 – Sep 2022

Vocational Trainee

Parej OCP Ramgarh, Jharkhand

- Observed and learned various aspects of surface mining operations including drilling and blasting, coal production and transportation mainly using shovel and dumpers combination.

Projects

Assessment of Noise and Dust pollution at an Opencast Iron Ore Mine

- Conducted monitoring and analysis of noise and dust pollution at Noamundi Iron ore mine (Tata Steel), benchmarked them against standard limits, and proposed mitigation measures to meet environmental standards.

Counterbalanced two cage Drum winding system | Academic mini project

- Designed and developed a working miniature model of a single-drum mine winding system, demonstrating counterbalanced cage operation used in underground shaft transportation.

Technical Skills

Tools and Languages: Microsoft Office, Python, and C-Programming.

Achievements and Certification

- GATE Mining 2025 AIR 1168.
- GATE Mining 2026 AIR 1282.
- First aid certificate.

Social Engagements

Club Member : Former member at Sports club of JRU.

Volunteer: Volunteer in National Service Scheme(NSS), Community service and social activities.

Organizer: Spardha 2024 (Annual sports at JRU).

Sports-Engagements: Cricket, Gym and Boxing.
